

FiRe in Your Home: Highrise Evacuation advice

Fire Risk Management Unit

1

Get down low and **stay under** the smoke

2

Alert others in your home and assist anyone in danger

3

EVACUATE

- Leave your home
- Close the front door as you leave
- Never go back into a burning room/flat

4

CALL 000 (zero, zero, zero)

- From a neighbour's house
- Or mobile phone

5

MOVE to assembly area nominated on the emergency evacuation plan for your building and remain there.

Note: Emergency plans are located in the lift foyer of highrise buildings.
